

## Home

When I was a young girl  
I sang a lullaby  
Bout places I dreamt off  
No tears left to cry  
Finding a home there  
With tones of love inside  
The grass is always greener  
And my mind's made of pride

Would you believe it  
If we still got there  
And would you believe it  
If I say that I care

Of you and me  
Thousands of our dreams  
People we love  
And hearts that gleem  
You and me  
Thousands of our dreams  
People we love  
And hearts that gleem  
Hearts that gleem

We just want to grow up  
As fast as we can  
But if we could see clearly  
There's no wiser man  
That has already told you  
Love is what you need  
And finding a home there  
Is the best thing indeed

Would you believe it  
If we still got there  
And would you believe it  
If I say that I care

Of you and me  
Thousands of our dreams  
People we love  
And hearts that gleem  
You and me

Thousands of our dreams  
People we love  
And hearts that gleam  
Hearts that gleam

If we still got there  
I'll find you where  
We can get there  
And I will take care

Of you and me  
Thousands of our dreams  
People we love  
And hearts that gleam  
You and me  
Thousands of our dreams  
People we love  
And hearts that gleam  
Hearts that gleam
