

## Secret To Keep

Every once in a while I was scared  
I travelled on this road to be not there  
The highest top is what I've seen  
But the lowest ground is what we only reached  
And it took some time  
To get more than a dime  
And a simple call was all I need  
But another brick on the heart is what I feel

So leave your solid ground  
And look at what we found

And then burn down the bridges  
Burn down the brigdes  
Oh stop hanging out on bridges  
Hanging out on bridges  
Cause there are tons of hearts  
That you have got to reach  
And I'll be the secret to keep

The eyes are closed  
Your heart is off the line  
The pumping blood  
To ever just feel fine  
A mystery now to let it fade away  
The secret it  
I'll never be the same

So leave your solid ground  
And look at what we found

And then burn down the bridges  
Burn down the brigdes  
Oh stop hanging out on bridges  
Hanging out on bridges  
Cause there are tons of hearts  
That you have got to reach  
And I'll be the secret to keep

I'll be fine  
I'll be fine  
I'll be fine  
I'll be fine

And then burn down the bridges  
Burn down the bridges  
Oh stop hanging out on bridges  
Hanging out on bridges  
Cause there are tons of hearts  
That you have got to reach  
And I'll be the secret to keep
